### Instruction Manual

GFWMICBM3000 offers two desk mounting options a desk clamp or surface mount desk insert.

#### Mounting with the Desk Clamp

Unscrew the clamp so that the opening is large enough to fit over the edge of your desktop.

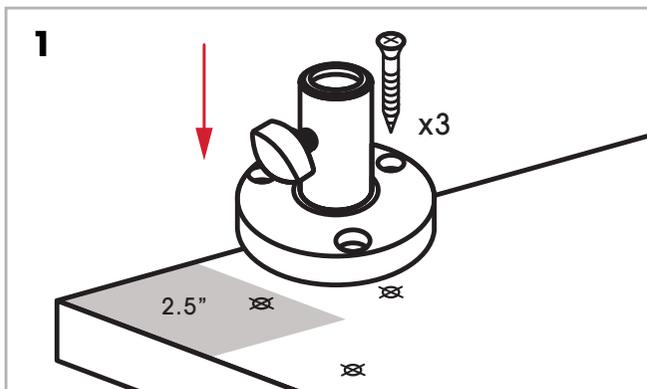

Push the clamp all the way onto the desk edge. Then, fasten the clamp to the desk by turning the knob tightening it in place.

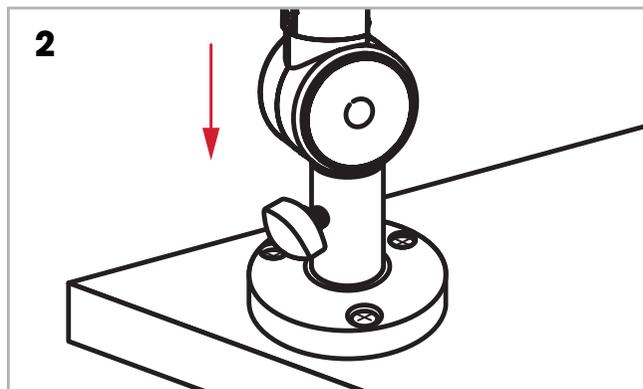

Insert the arm into the hole at the top of the clamp. Then, insert and tighten the mic holder on the top of the boom.

#### Mounting with the Desk Insert

Place surface mount at least 2.5" from the edges of the desk. Then, use a screw driver to secure the surface mount.

Insert the arm into the hole in the top of the surface mount desk insert.
